

# CAMPUS CLIMATE SURVEY 2017

## TIMELINE

The School of Continuing Education (SCE) will launch the very first Campus Climate Survey in fall 2017. The purpose of this survey is to gather information about student and employees' perceptions about the campus such as relationships, services, the physical environment, etc. Surveys will be available online and in paper format.

The Institutional Research and Planning Center will implement the Campus Climate Survey for employees October 16th and for students October 23rd. Below is an outline of the activities that will be taking place this year in order to complete the campus wide survey.
